

Council Meeting 8th October

IT and Communications Report

Duncan Forbes

- I have now put in place a ticketing system which allows people to purchase tickets online.
This is being used for the first time for the Murder Mystery Night which is now up on our website so if you want tickets please use this system.
This would be improved if we had a PayPal account which would greatly simplify our payment process.
- We have enhanced our Facebook presence by creating a Hatton Rotary Group. This will allow anybody to post on there and increase our social media reach. To stop unwanted content all posts, must be approved before appearing on the site.
- In discussion with Nigel, to facilitate better communication in the club I have resurrected the Hatton WhatsApp Group created during Covid.
- In order to lighten my workload Paddy and I are splitting the responsibilities by using Paddy's IT skills to look after our IT requirements leaving me to concentrate on PR. Paddy's technical knowledge will enable us to have a more robust website and exploit the ever-changing IT requirements we have. In future this report will be split with separate sections for IT and Communications. Nonetheless we will overlap with each other we have the capability to support each one another.
