

Council Meeting 8th October

Santa Sleigh Event Report

Event Manager – Duncan Forbes

- The Santa Sleigh Charity is planned to take place between December 14th and 2nd December
- The 2 weekend collections have been reserved with Tesco's.
- An application for the Council Collection license is in hand.
- I have contacted Dave Smith to see if he is willing to lend us his speakers again this year.
- The big issue we face each year is volunteers to be Santa at Tesco. An early indication of members willing to take on the roll would be helpful.
- We found the Wellingborough Lights Switch hand changed last year with a number of concessions attending plus the organisers wanted us to be located away from the market square. I felt the amount of effort needed to attend coupled with the changes they have made meant it was not worth being there this year.

Request for Expenditure

- One of the weak spots last year was the rear lights and the ball hitch on the sleigh so I am proposing we buy new ones this year. Estimated cost £70.
