

SECRETARIES Report 29th April 2025

Hi Tony

I trust you are well . Given the marvellous performances by the Gunners I suspect that you are brushing up on your French ready for the next adventure.

As you have probably gathered by my absence I will not be continuing in Rotary. As time is coming close to the deadline date for membership and subs I formally advise that I am resigning with immediate effect.

Kind Regards

George

District;

1. **Compliance**

This is an important topic for your club to take notice of. Rotary has policies covering Safeguarding of children and vulnerable adults, Health & Safety, Equality & Diversity, Dignity, Data protection, and other topics. These are all on the Rotary GB&I website at <https://rotarygbi.org/members/compliance/>.

FUN DAY, formerly KIDS OUT.

Hi Tony,

We would like to bring students who access our Access curriculum.

This would be a total of 40 students. 1 is a wheelchair user. Last year we had an accessible coach, is this possible

again?

Many thanks,
Pete

Waendel Walk

Tony

Re Help for Waendel Walk - 9th May - Friday Friendship walks & help at Castle

We are asking the volunteers who are helping in the Castle and the Friendship route marshalling to come around 4.30pm so we can run through the details. Please would you kindly forward these details to your Rotary volunteers who are helping.

Linda Marriott

Saturday 3rd May 2025
Isebrook Hospital
8.30am-12pm (noon)

A general tidy up of the grass, weeds, paths, borders, watering of strawberries, clearing shed of rubbish and preparation for Yusen Logistics 'Well-Being' day and involvement with Hatton Rotary.

Any support on Saturday will be appreciated. Come along for a look, fellowship, relaxing hour, involvement, support and participation.

We are waiting for Yusen Logistics to confirm their visit and

potential introduction of Yusen to Rotary GB&I + International, nothing concrete yet but our anticipation for Hatton to benefit is pleasing.

We are actively sourcing a new bench and table to complete the grant process and use of the money provided.

Once Yusen confirm we will be purchasing summer bedding for the courtyard. Planting will be part of the Well-Being day.

Any money still available from the grant will be used to buy shrubs - a longer term investment.

We have a little more flexibility on Saturday's available in June subject to Yusen midweek visit.

Kind regards,

Tony

Hi Tony

I hope you are well,

Please accept my apologies for not being in touch sooner and replying to any emails sent, I have not long returned back to work since being off from January due to unforeseen circumstances.

Let me catch up on the emails you have sent and we can go from there, I haven't forgotten about the items you asked me to look at when we met on site, it's just been unfortunate that I was out of the business.

Regards

Steven Brown, MIWFM | Senior Estates Manager for Northamptonshire & Bedfordshire
